SUMMARY

Motivated final-year Information Technology student, eager to excel as a Full Stack Developer. Passionate about applying technical expertise to solve real-world community problems and creating efficient, user-friendly software solutions that make a positive impact.

PROJECTS

Zero Waste Hub

- Designed a recycling management system to support sustainability within the community.
- Tracks recyclable materials, records purchases, and maintains a materials database.
- Promotes environmental responsibility through community-focused technology solutions.
- Optimizes resource flow by digitizing waste management to encourage greener practices.

RoomZa

- Developed a South African tourism-focused mobile app showcasing provinces and attractions.
- Encourages local travel and promotes domestic tourism across South Africa.
- Features an intuitive interface designed to guide users through regional points of interest.
- Provides navigation and local insights to help people enjoy domestic travel.

VhaDau Nursery

- Built a website displaying crops, their benefits, and suitable planting locations.
- Integrated an email inquiry feature to promote healthy eating and sustainable living.
- Serves as an educational hub providing knowledge on soil and plant health.
- Supports local farming by connecting producers and consumers through a digital platform.

Web Calculator

- Engineered a modern, responsive web-based calculator for daily mathematical tasks.
- Styled with a professional dark theme to ensure good visibility and comfort.
- Delivers accurate calculation logic while keeping the interface simple and easy to use.
- Demonstrates front-end development skills by balancing style with performance.

Church Year Plan

- Developed a digital tool to track and manage church events throughout the year.
- Provides a platform to coordinate sermons, annual events, and community programs.
- Simplifies administrative scheduling to keep members informed of all activities.
- Keeps complex organizational calendars organized and easy to access.

EDUCATION

North-West University (NWU)

Bachelor of Science in Information Technology

2024 – Present
